

NTI Day 3 Packet

1. Identify someone who you think is motivated in their work and give their name and how you know them. Examples could be a teacher, a relative, a coach, etc.
2. Using the fishbone strategy diagram below, write the name of the person at the left tip of the diagram and then list what you think motivates this person on the outside lines where it is labeled details. You may add in lines if you need to do so. On the right tip, tell what this person is motivated to do. Provide as much detail in your answers below as you can.
